

## What Can Chimpanzees Tell Us About Aging?

**ZARIN MACHANDA** TUFTS DEPARTMENT OF ANTHROPOLOGY AND BIOLOGY

Friday, April 15, 2022  
3:30 PM (Eastern Time)  
Location: RAB-001  
Douglass Campus

**Biography:** Zarin Machanda is the Usen Family Career Development Assistant Professor of Anthropology and Biology at Tufts University. She is one of the Directors of the Kibale Chimpanzee Project a long-term research project of wild chimpanzees in Kibale National Park Uganda. Zarin's research covers a number of topics including the form and function of social bonds and cooperation in chimps. She is also one of the Directors of the Kasiisi Project, a community conservation project working in Uganda.
